

3 THINGS You Should Be Saying About Glaucoma

1. **African Americans are at higher risk for glaucoma.**
It strikes us at a younger age and is a leading cause of blindness.
2. **You can have glaucoma and not know it.**
There are no early warning signs.
3. **Early detection and treatment can save your sight.**
Get a comprehensive dilated eye exam.

It's **Glaucoma Awareness Month**. Start a Conversation.
